

Marriage is under attack. The divorce rate is through the roof...gay marriage threatens to totally redefine marriage...others suggest we forget marriage altogether.

Is a lifetime marriage with lasting love and respect only a fairytale or an old TV sitcom?

Some genius said, "When all else fails...read the instructions." Our modern marriage heartbreaks are a result of not reading and following God's Biblical instructions for marriage.

Join with me for the next few weeks as we study God's marriage manual and apply these practical principles to our lives. ***Marriage – A Blessing for Life*** will give great marriages a serious performance tune-up. Struggling marriages will find the hope and action lifestyle investments that will payoff with the dividends of a fresh loving commitment.

Dr. Ed Simpson
